My son is a huge minecraft and dairy of a wimpy kid fan- I was so excited when I found this!!He loves the jokes- having a lot of fun with it!!He is a first grader, if that helps with age- appropriate choices!!

I read the whole series of these books from the Minecraft Family and they are really funny with a lot of detail and a good main idea. It is just like diary of a wimpy kid but.... BETTER!. The books are very entertaining for me and my friends, anyone who has not bought this book/books and is reading my review I recommend you to get it and the \$3.00 is worth it. Thankyou for reading this review!

I loved this joke book. It had a lot of cheesy jokes that kids love with a few that older teens and parents will enjoy as well. The jokes were split up into different categories of mine craft such as creepers which made you know what kind of joke you were about to read. The jokes also related back to the main series at points which made you want to go and buy the other books. Overall it is a nice joke book for younger kids.

my review is that it is so funny than others.I can bearylly laugh.I can tell the jokes to my sister,she laughs too!Like this one for example,where did zombies go to the restroom?Behind a rock and other zombies can see the zombie peeing behind the rock.And i have to tell my name and bithday and when i was born!My name is Shawn,my birthday is in march 16,2008.And thats all!Bye!

As a parent let me tell you, the 100 Memes and Cartoons, Ender Contests provides wholesome fun filled content for those roadtrips that just need the kids to be entertained. Minecraft is a building

game with tons of books, games and many developers are now creating mobile content. Quite a magnificent trend for kids and I must admit adults too. Go on the adventures like any aspiring treasure hunter, with no warfare! Geared towards 12 years and younger.
