Plants vs Zombies 2 is not that fun of a game if you don't decide to buy this game guild. Game play is very slow and if you decide to play it for couple of hours you can get bored pretty fast. But fortunately after 3 days of playing Plants vs Zombies 2 I have decided to buy guide and game became pure bliss. I can play for days now never gets bored. In one day I have done 3 personal bests and was pretty happy with that. Definitely buy guide it will make game 3 times better.

It's really a nice game. The author explained all the facts about this game and leave a guideline. I have learnt some tips and secrets too. I have been playing this game for few months and still got some new tips here. Everything is quite impressive except the front of this book, it's quite small. I hope it will be fixed soon. A good read! Strong Recommendation!!

I really like this game and I liked this book as well. The author passed great tips of this game. But I don't know why the author made the font too small. It was very difficult for me to read the book. However, The content is very good. â €

I love plants vs zombies 2 and have been a gigantic fan of pretty much all popcap games. I am very pleased with this guide and recommend it to anyone who is trying to reach all levels of plants vs zombies and win the game. I have had trouble with later levels however this guide has helped me tremendously. Thanks!

It is very interesting to read this book. The book about the games are very interesting for everybody. I think this book is very recommended. There are so much useful hints for every man. So I advice people to read this book and start to play this game..
