## Customer Reviews

Don't be fooled by their claim of 176 pages of fun. The listed words to search for is on one page to the left - the actual puzzle is on the preceding page to the right as if you're looking down at it like an open book. The categories are boring and redundant. You can't use one hand to circle the words because you're constantly having to flip back and forth to view the word list then turn the page to find the words. Dollars Stores carry better books, with jumbo print. The list of words and puzzle are on one page. The selection of puzzles are fun and interesting, like spices, books of the bible, Saints, Peter's Denial, painting of the Last Supper, etc. Don't waste your money on this fancy spiral book. There is more unused space than what is actually printed.

My 90 year old Mother is addicted to word searches and was the daughter of a Baptist preacher. She really, really loved this book. She can only do the large print puzzles so I am very grateful to and the Brain Games group for caring enough about older people to make and sell this book.

I CANNOT SAY ENOUGH ABOUT THIS PRODUCT. I JUST LOVE THIS BOOK. THE AUTHOR

NEEDS TO DO MANY MORE BECAUSE I AM ALMOST FINISHED. I AM LEARNING SO MUCH ABOUT THE BIBLE THROUGH THIS PRODUCT. I WILL RECOMMENDED THAT THE AUTHOR MAKE SURE THAT THE BOOKS OF THE BIBLE AND THE COMMENDMENTS ARE WRITTEN IN ORDER AS IT MAKES IT GOOD FOR MEMORIZATION.

Good for my mother-in-law to challenge the mind and keep her occupied during the days

I know it's early but I purchased this book and several coloring books for Christmas gifts. Several of my friends are well versed in the Bible and would appreciate and be familiar with the topics within the book. I did not open the book because it was very nicely wrapped which provided protection against folding or bending. It's ready to be gifted for a gift. Spiral books are much easier to work with when doing this type of puzzle. I would recommend this item to others.

I received this Bible Word Search book, yesterday, so I haven't had a chance to do any of the puzzles, yet, but just looking through it, I knew it's what I've been looking for. Instead of having the list of words on the same page as the puzzle, the words are on the previous page. It's hard to find a search word book like that. I like the page set-up of this one because I don't want to know what the list of words are. Rather, I much more enjoy seeing how many I can find without knowing the answers. All I want to know is the subject (ie., names of Bible cities, etc. ). Also, I really appreciate that the book is spiral bound which is an enormous help! The pages lie flat which makes it much

easier to work with. Thank you, Brain Games!! :)

Gave this book to my mother as a gift. She's 91 years old and enjoys word search puzzles. She was very excited to receive it and works in it everyday. She's very pleased with the puzzles and really likes that the book has a spiral backing she says its easier to work in books like that because the pages lay flat.

The book is sturdy, well organized, thought provoking and downright fun. It offers more than Word Search's as it is abound with Biblical trivia. It's large print is SUPER LARGE which I consider a plus.
