Criminal Law

Synopsis

Clear, concise, and cutting edge, Joel Samaha's best-selling *CRIMINAL LAW*, 10e helps you apply criminal law's enduring foundations and principles to fascinating court cases and specific crimes. With a balanced blend of case excerpts and author commentary, Samaha guides you as you sharpen your critical thinking and legal analysis skills. You'll see the principles, defenses, and elements of crime at work as you progress through the book--and you'll learn about the general principles of criminal liability and its defenses, as well as the elements of crimes against persons, property, society, and the state.

Customer Reviews

This book was required for a class I took a couple semesters ago, and I loved it. Easy to use and understand, and it actually helped me learn the material for LIFE instead of just for passing the class. I'm moving on up to law school now, so I guess you could say that this book played a part in that!

I've been using this book for this past semester in my college class, and I have to say it's like no other textbook out there. This book is a really easy read and actually quite entertaining. The text is not "dry" like most college level textbooks. It has a list of main points and objectives at the end of every chapter, plus detailed relevant court cases, and various "day-to-day" scenarios. It puts students in situations and asks them to apply what they have learned.

I'm taking a criminal law course online and basically all I do online is take a test each Friday based off of the chapter assigned. So in the class itself I don't learn a whole lot, if anything at all. This book is great and I have learned so much so far just from the reading. Samara did a great job writing this text.

I got the book I needed for a good price the quality is good of the book however it took SOOO Long to get here!! I waited a good 2 weeks for it! I was about to complain when I noticed it was actually in my mail!

The Kindle version is wonderful. I have it on my I-Pad, can refer to it while recording lecture and taking notes, and you can't beat the price. HOWEVER, it is missing most of the quotes used throughout the text, especially those that were in smaller print or italicized in the printed version. Otherwise, I wish more textbooks would be made in Kindle version, sure would save me money and strain on my back from carrying all those other heavy textbooks!

the book is informative. It tells you lots of stuff for the criminal law class. Little dry and hard to get into, but I guess not all textbooks can be enthralling, right?

I brought this book for my Criminal Law class and found it very useful. Compare to the 9th edition, this has up-to-date information about the criminal justice field. If anyone's thinking about joining the criminal justice field, this book should be the first book you should get!

Very well written and gives you a solid understanding of criminal law. Can be applied to Criminal Justice or legal careers.
