International Trade Law (Aspen Casebook)

Synopsis

Written by a team of leading scholar/practitioners including a former Appellate Body member, PhD economist and former WTO Secretariat Lawyer, *International Trade Law* covers all aspects of WTO law. Appropriate for a two- to three-hour international trade course, the third edition covers trade in goods, services, and intellectual property, in 22 succinct chapters of around 30 pages, carefully excerpting leading cases, providing basic introductions, probing questions and real life problems. This book balances positive and normative perspectives, mixing legal texts and panel/Appellate Body decisions with analysis of economic and policy challenges faced by the international trading system.
