The Complaint

Synopsis

New York attorney Brian Bradford should have listened to the advice of both his wife and a co-worker. The lawsuit he agreed to commence by filing a Complaint on behalf of a class of doctors was a new area of law in which he had little litigation experience. Plus, the target Defendant was the largest managed health care company in the world, ZeiiMed. He was truly in over his head. Little did Brian realize that the Defendant ZeiiMed was an unforgiving, vengeful and diabolical multibillion dollar corporation that didn't merely defeat its adversaries, it conquered them. After Brian fortuitously discovered internal corporate documentation that disclosed the damaging secrets of ZeiiMed, the fight for survival began. He quickly learned he did not have a chance without the able assistance of several bright and accomplished women who were a significant presence in his life. Brian decides to fight back in a manner as ruthless as the forces unleashed by ZeiiMed. The mayhem that results has irreversible consequences to many on both sides of the battle lines. His world would never be the same again and ZeiiMed would never relent in its pursuit.
