# Central American And West Indian Archaeology: Being An Introduction To The Archaeology Of The States Of Nicaragua, Costa Rica, Panama And The West Indies (Classic Reprint)

## Synopsis

Central States of America, south of Honduras, and of the West Indies, in a manner similar to that in which two former volumes have discussed the archaeology respectively of South America and of Mexico and the Maya districts. It was already approaching completion when the war broke upon Europe, and, though it was finished by the end of the year, circumstances combined to prevent its publication for the time. Having been engaged for the better part of the last year in work more germane to the present crisis than archaeological studies, I have not found the task of proof-correction very easy, especially as the time which I have been able to devote to it has been extremely limited. For any faults proceeding from these disadvantages I must therefore beg the indulgence of the reader. The geographical area covered by the book is one which is still very imperfectly known from an archaeological point of view ;the people inhabiting it in early times were not so highly developed, politically, as the Mexicans or the Peruvians, and the literature dealing with them is neither large nor easy of access. Still a summary of the known facts may be of use, if only in performing the function of a signpost for future investigators.(Typographical errors above are due to OCR software and don't occur in the book.)

About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books' Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
