Contemporary Business And Online Commerce Law (7th Edition) (MyBLawLab Series)

Synopsis

Go beyond rote memorization. *Contemporary Business and Online Commerce Law* presents business law, ethics, and the legal environment in a way that will spur readers to ask questions and go beyond rote memorization. The seventh edition emphasizes coverage of online law and e-commerce as key parts of the legal environment as well as today's social, ethical, and international issues that are important to the study of business law.

Customer Reviews

I needed this book for my business law class, I have to say this helped me tremendously. Anyone in need of book with clear text to understand law, this is the book. Highly recommend this book, also if you can rent it you will save lots of money.

I really love this book. From the outline of each chapter to how easy of a read it is. Each chapter is straight to the point and I love the examples given about possible cases to make me understand better. I also like how the examples of real cases are given as well. I love it.

I was beginning to think I'd have to go to my first class in Business Law without a textbook. But , you came through for me again! The book came just in time, and in very good condition. I think I got a pretty good deal on it, too. Thank you!

Got a great deal on this book...despite hating to pay so much for text books, this one is actually packed with updated information.

This is a great product, exactly what the description states. I am satisfied with my purchase. I would highly recommend it.

I saved a lot of money buying this book for my college class. Screw you local university bookstore. Buy here and save.

Had to buy it for school. A lot cheaper than buying it at the bookstore on campus and the quality was just like new

I only gave this book 4 stars, because it had a lot of foreign language words written by previous owner.
