# The Taking Of Hong Kong: Charles And Clara Elliot In China Waters (Echoes: Classics Of Hong Kong Culture And History)

## Synopsis

The First Opium War and the Taking of Hong Kong have tended to underpin relations between Britain and China. Here those events are described through the eyes of Britain's plenipotentiary Captain Charles Elliot and his wife Clara. Revelations about Elliot's role, intentions and analysis are important in clarifying the past. The couple's personal views and relations with each other also contribute to a fresh writing of history.

## Book Information

Series: Echoes: Classics of Hong Kong Culture and History

Paperback: 312 pages

Publisher: Hong Kong University Press (November 3, 2009)

Language: English

## Customer Reviews

My review is a little biased because my purchase was for geneology purposes. This is more a text for university students and historians and not my normal cup of tea. But the authors have managed to piece together the letter writings of the Elliott's to their loved ones back home with what is already known in history in a colorful, entertaining and engaging story. My interest is in the little Gilbert (the baby left behind with his aunt). He ended up marrying my grandfather's aunt in Melbourne, Australia and I'm fascinated by the amazing life of his parents in the 1800's.
