# Modern European History

## Synopsis

Confusing Textbooks? Missed Lectures? Tough Test Questions? Fortunately for you, there's Schaum's Outlines. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you Practice problems with full explanations that reinforce knowledge Coverage of the most up-to-date developments in your course field In-depth review of practices and applications Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time-and get your best test scores! Schaum's Outlines-Problem Solved.

## Book Information

Series: Schaum's

Paperback: 608 pages

Publisher: McGraw-Hill Education; 1 edition (January 1, 1990)

Language: English

ISBN-10: 0070674531

ISBN-13: 978-0070674530

Product Dimensions: 5.4 x 1.4 x 8 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars See all reviews (89 customer reviews)

Best Sellers Rank: #25,891 in Books (See Top 100 in Books) #22 in Books > Textbooks >

Humanities > History > Europe #23 in Books > History > Europe > Great Britain > England #28

in Books > History > Europe > France

## Customer Reviews

The student above who felt this review book was too LONG completely misses the point. One does not read through a book like this as a substitute for the textbook -- which is what I imagine this poor young student though he could do. One relies on it to clarify areas of confusion. As a good reference and review book to read either before a chapter or as review afterward, this is a genuinely excellent book. First, it's a nice size. It's smaller (height and width) than most of the enormously giant-sized review books available so it's like a real book. And it's printed on real paper, not cheap newsprint like most of the AP review books are. Small enough that you can easily grab it off the

shelf or carry it around with you. And, the page layout makes it easy to find things. Everything is treated in brief paragraphs with clear topic headings. Pages are brief so you move through it page-after-page very quickly. It really couldn't be easier to use. As a history teacher, I look into this book from time to time to double-check an historical issue or event or to check up on correct chronology of events I can't quite recall. It saves a lot of time compared to paging through much longer, denser books. As a review book, I imagine this would be very good to refresh a student's memory of lots of important (and, frankly, many less important!) events, people, and ideas. However, students who are looking for a book to replace their textbook will be disappointed as this book assumes you have some idea what is going on historically. You could read it alone and understand the history pretty well, but I doubt you'd be very confident without the analysis of the textbook which this does not have.
