Customer Reviews

Bought these as a joke wedding gift for my cousin with whom I endlessly did Mad Libs as a child. I flipped through it upon arrival and it's on par with any other Mad Lib book. I'm sure she'll get a kick out of it.

Too cute! Got for my friend for her wedding and now i want it for my own! Very funny and cute Madlibs, especially for a bridal shower/ bachelorette party and for the bride and groom to do on the plane to the honeymoon!

This is so funny! We put together a bachelorette theme basket for a friend - a few small items and then a group gift card. She loved it, and we had fun at Girls Night breaking in the book. Does anyone really ever outgrow Mad Libs?

I purchased this as a supplemental game for a bachelorette party. We played it in the limo on the way to and from wineries. It was quite the hit. Women of all ages appreciated the game and were

able to chime in. I asked everyone to shout out the different nouns, verbs, adjectives, etc. so everyone played a part in creating the story and enjoyed the outcome. I am a fan of Mad Libs in general, and this is great for that bride-to-be!

Bought for our honeymoon.. thought it would be funnier.. still very juvenile.. I'm NOT one to complain either! I had high hopes though, so that probably was the problem. The funnest way to play these is with kids.. and thats about it.

My wife and I had a blast playing with this over our honeymoon. Something to look back on in the future.

Got these for a celebratory dinner for my girlfriend who recently eloped. Everyone at the table enjoyed filling these out.

Bought for my sister and brother in law on a family road trip. Very funny, reminded us of our childhood summer vacations!
